3rd July 2013

To Whom it May Concern,

I have known Sally Barnes for 3 years, since she came into our practice to introduce herself and demonstrate her behaviour training to us.

Sally has been a huge help in training my own dog and I regularly refer behavioural cases to her.

Sally has a wonderful passion for helping people to improve the quality of life of both dogs and their owners by helping with training and behavioural issues and I can certainly recommend her to you.

With Regards,
